## A MESSAGE FROM YOUR MP

Dear Neighbour,

I hope you are well.

This summer, I've been busy working in Peterborough—Kawartha, listening to as many people as I can, and I must say the stories of suffering are heartbreaking.

People cannot afford this Prime Minister. He is simply not worth the cost. He has accumulated more debt than all other Prime Ministers combined. Canada's federal debt is projected to reach \$1.22 trillion this fiscal year—nearly \$81,000 per Canadian household.

Who can afford this??

One woman told me she works three jobs and still relies on the food bank to feed her children.

Immigrants who were promised a life of opportunity are living on the streets.

Seniors cannot afford to live.

Students cannot afford housing.

Violent crime is up 39%; violent repeat offenders are being released on the streets and killing innocent people.

People suffering from addiction are stuck in a vicious cycle because there is no access to treatment and recovery.

Our youth are in a mental health crisis, and the wait times to see a professional are 18 months long. It is a time of absolute hopelessness for so many. But I do have hope. We can change our path, and I want to give you hope.

A true leader has common sense and compassion. There is nothing more compassionate than making life affordable.

Financial anxiety is destroying families, but Pierre Poilievre and a federal Conservative government can change this inflationary spending. We can fix this.

We will axe the tax, bringing down food, heat and housing costs. We will increase the value of your hard-earned money. We will keep violent offenders off the street and stop Justin Trudeau from censoring news and controlling your life, including preventing him from interfering with your natural health supplements.

We can fix this. It's time for a new leader.

Here to help,

Michelle Ferreri

# DELIVERING for OUR COMMUNITY and ALL CANADIANS

Conservatives have been laser focused on delivering for Canadians on the cost-of-living crisis, restoring safe streets, and fighting against Liberal corruption. Please take moment to review our efforts and let me know what you think by replying to the enclosed survey card.

## CONSERVATIVES:

Forced multiple votes **to pressure Trudeau to immediately cancel the tripling of his inflationary carbon tax.** Amid 40-year high inflation, the Liberal carbon tax will force Canadian households to pay more for gas, groceries, and home heating than what they will get back in rebates.

**Supported farmers by calling on the Trudeau Liberals to cancel the carbon tax on food inputs and production** which will cost Canadian farmers around \$150,000 per year.

Called on the Liberal government **to cancel its unfair and costly April 1<sup>st</sup> tax increase** on beer, wine, and spirits.

Pushed the costly Liberal-NDP coalition **to cap spending, cut waste, fire high-priced consultants, and eliminate inflationary deficits and taxes** that have caused a cost-of-living crisis for Canadians.

Called on the Trudeau government **to stop all new taxes on gas, groceries, home heating, and paycheques.**

**Introduced a motion to Kill Bill C-11, Justin Trudeau's online censorship act.**

While Liberals try to control what you see and say online, Conservatives will continue to fight for your freedom of speech.

**Pressured the Liberal-NDP soft on crime coalition to enact bail reform policies** that would prioritize the rights of victims and law-abiding citizens amid a 32% rise in violent crime.

Held the Trudeau Liberals accountable by **forcing an audit into the government's costly and ineffective pandemic ArriveCan app.**

**Demanded accountability on what Justin Trudeau knew and when he knew it** on Beijing's interference in Canada's elections.

**Passed Conservative Bill C-228** that will protect pensions from corporate insolvency.

**Passed Conservative Bill C-234** that will remove the carbon tax from qualifying farm fuels.

**Passed Conservative Bill C-241** that will support Canada's hardworking tradespeople by allowing them to deduct their travel expenses from their taxes.

**Passed Conservative Bill C-291** to protect children from sexual exploitation.

**Passed Conservative Bill C-242** that will make it easier to reunite families.

**Passed Conservative Bill C-288** that will increase transparency of telecommunications marketing so that Canadians know what internet speeds they are paying for.
